

Nice Dice

1. Get a partner
2. Each person needs two dice, 66 cubes and a Nice Dice Paper.
3. Each person rolls two dice and arranges the dice to make the greatest number.
4. Each person makes the number with cubes and then record tens, ones, and total on the Nice Dice record sheet.
5. Compare numbers to see who has the greatest number.
6. The partner with the greatest number gets to circle their number.
